

# 2020

## Module 1 | Implant Surgery Basics, Prosthetics and Live Surgery

Day	Date	Topic	Venue	Lecturer
1	03 Apr	<b>Introduction</b>	NSOMS	Dr. Han Choi
		<b>Pros I - Restorative Assessment for Implants</b>	NSOMS	Dr. Alan Payne
		<ul style="list-style-type: none"><li>Restorative Assessment, Planning &amp; Treatment</li><li>Healing Abutment Choice, Temporary Options and Design of Temporary Crowns</li><li>Impression Taking : Analogue, Digital and Custom Impression Coping Fabrication</li></ul>		
2	04 Apr	<b>Pros II - Restorative Procedures for Implants</b>	NSOMS	Dr. Alan Payne
		<ul style="list-style-type: none"><li>Soft Tissue Emergence Profile</li><li>Abutment Selection for Final Prosthesis</li><li>Maintenance and Complication Management</li></ul>		
3	15 May	<b>Implant Introduction</b>	NSOMS	Dr. Han Choi
	16 May	<ul style="list-style-type: none"><li>Introduction to Dental Implant Surgery</li><li>Sterile Technique</li><li>Setting Up Your Practice</li></ul>		
	05 Jun	<ul style="list-style-type: none"><li>Anatomy</li></ul>		
	06 Jun	<b>Implant Planning</b>	NSOMS	Dr. Han Choi
		<ul style="list-style-type: none"><li>Surgical Assessment</li><li>CT Assessment</li></ul>		
	19 Jun	<ul style="list-style-type: none"><li>Digital Planning - Trios &amp; Implant Studio (3 Shape)</li><li>Guide Fabrication</li></ul>		
	20 Jun	<b>Implant Surgery, Flap Design and Suture</b>	NSOMS	Dr. Han Choi
		<ul style="list-style-type: none"><li>Freehand vs Guided Surgery</li><li>Flap Design</li><li>Suture Technique</li><li>Hands-On : Free Hand and Guided Implant Placement on Model</li></ul>		
		<b>Extraction Site Assessment</b>	NSOMS	Dr. Han Choi
		<ul style="list-style-type: none"><li>Socket Grafting</li><li>Socket Shield</li><li>Immediate Implant Placement</li><li>Immediate Temporisation</li></ul>		
		<b>Miscellaneous</b>	NSOMS	Dr. Han Choi
		<ul style="list-style-type: none"><li>Complications</li><li>Introduction Simple Bone Grafting and Materials</li><li>Peri-Implantitis</li></ul>		
9		<b>Live Surgery Demonstration - Q&amp;A</b>	NSOMS	Dr. Han Choi

Day	Date	Topic	Venue	Lecturer
10	25 Jul	<b>Live Surgery - Brazil</b>	Brazil	Prof. Alexander Salvoni
~	~	<ul style="list-style-type: none"><li>Theoretical Training</li><li>4 Days of Live Surgery</li></ul>		
15	31 Jul	<ul style="list-style-type: none"><li>Each Participant to Place 10 to 15 Implant &amp; Assist Fellow Participants in Placement of Additional Implants</li></ul>		

## Module 2 | Wisdom Tooth Extraction

Day ▶ 16    Date ▶ 12 Sep    Venue ▶ NSOMS    Lecturer ▶ Dr. Han Choi

<ul style="list-style-type: none"><li>All About Wisdom Teeth Extraction</li><li>Assessment, Treatment Planning and Execution</li><li>Flap Design</li><li>Suture</li><li>Techniques to Deal with Impacted Teeth in Different Angulation</li><li>Coronectomy</li><li>Complications</li></ul>
--

# 2021

## Module 3 | Bone Grafting

Day ▶ 17 / 18    Date ▶ 12 / 13 Feb    Venue ▶ Hotel    Lecturer ▶ Dr. Luca de Stavola

<ul style="list-style-type: none"><li>Basic Bone Grafting Concept</li><li>Managing Bone Defects Prior to or During Implant Surgery</li><li>GBR Concept</li><li>Khoury Concept</li><li>Soft Tissue Management Over Bone Graft</li><li>Hands-On: Models and Pig Jaw</li></ul>
---

## Module 4 | Sinus Lifting + Ridge Splitting

Day ▶ 19 / 20    Date ▶ 12 / 13 Mar    Venue ▶ Hotel    Lecturer ▶ Dr. Jone Kim

<ul style="list-style-type: none"><li>Basic Sinus Lifting Concept</li><li>Crestal vs Lateral Sinus Lift</li><li>Use of Various Kits for Surgery -Piezo, Densah Burs, CAS Kit, ONECAS Kit, ESSET Kit</li><li>Hands-On: Models and Short Rib Bone</li></ul>
---

## Module 5 | Soft Tissue Management

Day ▶ 21 / 22    Date ▶ 07 / 08 May    Venue ▶ Hotel    Lecturer ▶ Dr. Dmitriy Ivanov

<ul style="list-style-type: none"><li>Basic Soft Tissue Grafting Concept</li><li>Management of Recession Around Natural Teeth</li><li>Management of Soft Tissue Around Dental Implants</li><li>Different Flap Design for Implants</li><li>Different Flap Designs During Implant Exposure – Roll Flap, Apically Repositioned Flap etc</li><li>Soft Tissue Grafting: FGG, CTG, VISTA Technique</li><li>Suturing Technique</li><li>Hands-On: Models and Pig Jaw</li></ul>
--

## Module 6 | Full Arch Implant Rehabilitation

Day ▶ 23    Date ▶ 10 Sep    Venue ▶ Hotel    Lecturer ▶ Dr. Han Choi

Day ▶ 24    Date ▶ 11 Sep    Venue ▶ Hotel    Lecturer ▶ Dr. Han Choi & Dr. Alan Payne

<ul style="list-style-type: none"><li>Graftless Approach</li><li>Treatment Planning</li><li>Surgical Concept and Technique</li><li>Immediate Loading Protocol with Temporary Bridges</li><li>Final Bridge Protocol</li><li>Analogue Workflow – Planning, Impression Taking, Denture Conversion to Temporary Bridges, Analogue Fabrication of Permanent Bridges</li><li>Digital Workflow – Planning, Digital Impression, Digital Fabrication of Temporary and Permanent Bridges</li><li>Maintenance and Complication Management</li><li>Hands-On Surgery – Model</li><li>Live Surgery Demonstration</li></ul>
--

# Course Fee

Option 1	Module 1~6 - Full Course	\$36400
Option 2	Module 1~2 - Implant Surgery Basics, Prosthetics, Live Surgery & Wisdom Tooth Extraction	\$26000
Selective	Module 3 - Bone Grafting	\$3200
	Module 4 - Sinus Lifting	\$2400
	Module 5 - Soft Tissue Management	\$2400
	Module 6 - Full Arch Implant Rehabilitation	\$2400

# Course Detail

1 Period	03 Apr 2020 ~ 11 Sep 2021
2 Location	NSOMS / AKL HOTEL - TBC / Brazil
3 Enquires	<ul style="list-style-type: none"><li>🌐 <a href="http://www.nsoms.co.nz">www.nsoms.co.nz</a></li><li>☎ 021 081 98678 (Charlotte)</li><li>🌐 <a href="http://www.osstem.co.nz">www.osstem.co.nz</a></li><li>☎ 09 600 1500</li></ul>

## Live Surgery In Brazil

- 1 Travel period** 24 Jul ~ 02 Aug 2020
- 2 7 Day Trip**
  - Theory & 4 Days Live Surgery
  - Participants Placing 10 - 15 Implants
- 3 Cost Includes** Flights, Hotel, Meals & Transfer included
- 4 Location** Alameda dos Aicas, 1078  
Cep : 04084 - 006 São Paulo  
- SP, Brazil

## Hands-On Modules

- 1 Digital Case Planning**
- 2 Digital Smile & Crown Design**
- 3 Intra-Oral Scanning**
- 4 Analogue & Digital Impression Taking**
- 5 Soft Tissue Management - Pigs Jaw**
- 6 Sinus Lifting - Dental Models**
- 7 Ridge Splitting - Short Rib Bone**
- 8 Block Grafting - Models**

## Lecturers

**Dr. Han Choi**

► BDS, MBChB MDS (Otago)

I completed my Bachelor of Dental Science at the University of Otago, subsequently training as an Oral & Maxillofacial Surgeon, achieving my medical degree and Master of Dental Surgery in 2011. Within my clinic North Shore Oral Surgeons in Northcote Auckland, I utilise cutting edge technology to digitally plan implant cases ranging from simple to advanced, like bone grafting and full arch rehabilitation. My passion for education drives me to regularly attend overseas courses further expanding my skill set. As I enjoy sharing my expertise, I train practitioners both nationally and internationally. I decided to take up the position as Course Director for the Osstem Master Course as I believe it is important to provide continuous education to New Zealand practitioners. In conjunction with several world renown guest lecturers, we aim to share our clinical knowledge and experience with the participants.

**Dr. Alan Payne**

► BDS MDent (Witw) DDSc (Otago) FCD(SA)

Dr Alan GT Payne is a specialist prosthodontist at both NorthShore Oral and Maxillo-facial and Oral Surgeons (NSOMS) and Northland Prosthodontics in New Zealand. Having worked within the field of oral implantology since the 1980's, he has experienced the evolution of treatment options with historical analogue approaches to current state of the art full digital workflows. With a significant past in teaching undergraduate and postgraduate prosthodontics and oral implantology, he has also supervised numerous international doctorate research students. He has previously lectured by invitation internationally with more than 75 publications, three book chapters and two Cochrane Collaboration systematic reviews, coupled with a high citation index. He currently serves as a member of editorial boards and reviewer for noteworthy peer-reviewed journals in oral implantology and prosthodontics.

**Dr. Luca de Stavola**

► DMD, MS MOM Universtiy of Padova | UNIPD Periodontology And Implant Dentistry

Dr. Luca De Stavola Graduated in Dentistry and Dental Prosthesis at the University of Padua in 2001 and specialised in Oral Surgery in 2007, at the Schloss Schellenstein Clinic (Olsberg, Germany) under the guidance of Prof. F. Khoury, of whom he is a close collaborator since 2003. From 2005 he lectured at courses and congresses on implantology and regenerative bone surgery. In 2007 he obtained the Master of Oral Medicine in Implantology at the Westfälischen Wilhelms University in Munster (Germany). Since 2008 he has been a lecturer in the Master's degree in Osseointegrated Implantology of the University of Padua. He is an adjunct Professor at the same University. In 2012 and 2015 he won the first prize at the International Congress of the Italian Osteointegration Society (SIO) for the best poster in the section dedicated to Clinical Research and Case Report. Author and co-author of scientific articles published in international journals. Scientific coordinator of the Italian edition of the text by Prof Khoury "BONES GROUNDS IN IMPLANTOLOGY" published by Quintessence. He has been an active member of SIO since 2014 and a member of SIdP. He is a freelancer in Padua and Treviso. He collaborates with private structures in Veneto and Trentino-Alto Adige. Co-founder of the ANTONIANUM INSTITUTE Continuing Education & Research, Padua.

**Dr. Jone Kim**

► DDS, MS (UCLA)

Dr. Jone Kim did his undergraduate study at UCLA and received his D.D.S. from UCLA School of Dentistry in 1994. He also received Master of Science (M.S.) in Oral Biology from UCLA Graduate School and completed his Oral and Maxillofacial Surgery training from University Medical Center Fresno – UCLA in 1998. Dr. Kim then went on to do a fellowship in orthognathic and facial reconstructive surgery at The Center for Corrective Jaw Surgery in Santa Barbara, California. Currently, he is a lecturer and part-time faculty at UCLA Department of Oral & Maxillofacial Surgery. As a Diplomate and board certified surgeon by the American Board of Oral and Maxillofacial Surgery, Dr. Kim has frequently lectured at the Annual Conference of the American Association of Oral and Maxillofacial Surgeons. He maintains a private practice in Southern California focusing on implant surgery

**Dr. Dimitriy Ivanov**

► DDS Periodontist & Implant Specialist (UCLA)

Dr. Dimitriy Ivanov is a Diplomat of the American Board of Periodontology with focus on the treatment of periodontal disease, hard and soft tissue augmentation and advanced dental implantology. He has received extensive training in all aspects of periodontics, oral implantology and moderate IV sedation, helping the most anxious patients receive excellent aesthetic periodontal care. He is a member of American Academy of Periodontology, the Academy of Osseointegration, and the California Society of Periodontics. Dr. Ivanov received his Bachelor's degree in Biological Sciences from UC Santa Barbara, graduating with Summa Cum Laude (Highest Honors). He was awarded a D.D.S. degree from the UCLA School of Dentistry and continued his post-doctoral education in Advanced Periodontics and implant dentistry residency at the Veterans Affairs Hospital of West Los Angeles/UCLA Medical Center. His residency had an emphasis on medically-compromised patients, full-mouth rehabilitation, interdisciplinary perio-prosthodontics reconstructive therapy and full-arch implant treatment. After completion of his residency, Dr. Ivanov achieved a diplomat status with the American Board Of Periodontology and Dental Implant Surgery. Dr. Ivanov is a former clinical instructor of periodontics at the UCLA School of Dentistry in Westwood and the UCLA Venice Dental Clinic. Besides clinical work, Dr. Ivanov enjoys speaking publicly on the topics of Soft and Hard tissue reconstruction around teeth and dental implants nationally and internationally.

**Prof. Alexander Salvoni**

► DDS, MscD, PhD

Prof. Alexander Salvoni studied Dentistry at the Methodist University of Sao Paulo and Oral Pathology at University of Sao Paulo. He is professor at Paulista Association of Dental Surgeons and is a specialist in implantology. Prof. Salvoni dedicates his career to teaching the new generation of Implantologists. He is an internationally recognized expert on the Zygomatic technique having placed more than 1000 zygomatic implants. He is a coordinator of post-graduate education in Sao Paulo, Brazil and clinicians from all around the world come to his clinic to learn and practice this technique. Prof. Salvoni is a dedicated educator always searching for the best techniques to teach his students and to treat his patients.

2020 - 2021

# Osstem Implant Master Course

Course Director | **Dr. Han Choi**

Conducted by **North Shore Oral & Maxillofacial Surgeons, AKL, NZ**

## Local Specialists & World Renowned International Speakers

- 1 7 Day Trip to Brazil - 4 Days Live Surgery**
- 2 Basic & Advanced Techniques**
- 3 Local Course of International Standard**
- 4 Each Module Lecture & Hands-On**
- 5 Laboratory Technician Involvement For Surgical Guide And Prosthesis Design**
